MMM/AEE
2026 Provider and Pharmacy Directory

This directory is current as of October 2026.

This directory provides a list of MMM's network providers and pharmacies for the AEE Group coverages.

This directory is intended for all the municipalities in Puerto Rico, including Vieques and Culebra.

Some network providers and pharmacies may not be listed in this directory. Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members. Changes to our providers and pharmacies network may occur during the benefit year.

To access MMM's updated online provider and pharmacy directory, please visit: www.mmmpr.com. If there are questions about the information contained in this directory (hardcopy or online), to obtain the most up-to-date information, or for any other issue, please visit: www.mmmpr.com or call our Dedicated Services Unit at 1-833-950-4377 (toll-free), or 711 TTY/TDD (deaf, hearing, or speech impaired), Monday through Sunday, from 8:00 a.m. to 6:00 p.m.

If you believe the information in the Provider and Pharmacy Directory is incorrect, please call our Member Services Department at the numbers provided above.

Beneficiaries must use network pharmacies to access their prescription drug benefit. The provider and pharmacy network may change at any time. Notice will be issued when necessary.

Upon request, this information may be available in different formats, like braille, large print, and audio. Please contact our Member Services number if you need plan information in another format. Also, our network providers have the option to offer simultaneous translation through interpreters connected via phone including languages such as Spanish and Italian. Your provider will be able to offer you help in case you need such services.

De ser solicitada, esta información está disponible en diferentes formatos, incluyendo braille, letra agrandada y audio. Por favor, llame a nuestro número de Servicios al Afiliado si necesita información del plan en otro formato.

Provider and Pharmacy Directory

(This page intentionally left blank.)

Introduction

Providers

This directory provides a list of MMM's network providers. To get detailed information about your healthcare coverage, please see your Evidence of Coverage (EOC).

Members with an HMO/POS coverage might choose one of our network providers who are listed in this directory to be their Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you might get your healthcare services from your PCP. A PCP is a physician with a specialty in internal, family, general practice or geriatric medicine who has a direct or indirect contractual arrangement with the plan. A PCP provides you with initial and primary care services, maintains the continuity of your medical care, as required by your medical needs or as established in your coverage.

The "network providers" listed in this directory have agreed to provide you with your healthcare services. You may go to any of our network providers listed in this directory; however, some services may require a preauthorization. If you have been visiting one network provider, you are not required to continue visiting that same provider. In some cases, you may get covered services from non-network providers.

What happens if I use non-plan providers to obtain my covered services?

"Non-plan providers" are providers that are not part of MMM's network. If you use non-plan providers, you may have to pay more.

Please note that if you have an HMO coverage with a Point-of-Service (POS) option, you will be able to get care from non-plan providers and hospitals when you are outside the service area. You may receive all plan covered services, but you will need to pay higher cost sharing than the ones you pay when using network providers. This is not the same benefit as visiting out-of-network physicians and/or hospitals during an emergency or an urgent care situation. Please refer to Chapter 3 and Chapter 4 of your Evidence of Coverage for more information about your POS cost sharing, cap on the dollar amount and prior authorization requirements.

What should I do if I receive a bill from a non-plan provider that I think should be paid by MMM?

We cover certain healthcare services that you receive from non-plan providers. These include care for a medical emergency, urgently needed care, renal (kidney) dialysis that is received while outside the plan's service area, when network providers are unavailable, healthcare services preauthorized by MMM, and any services ordered or covered through an appeals process. If a non-plan provider requires payment for any covered service, please contact our Dedicated Services Unit at the numbers listed on the first and last pages of this directory. You may also write to us at the following address:

MMM
PO BOX 71114
SAN JUAN, PR 00936-8014

You should never pay a non-plan provider more than what Medicare allows the plan to pay to that provider. The provider has the right to receive his/her fees, but he/she does not have the right to obtain them from you. Tell the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. For more information about how to ask for a reimbursement, please see Chapter 7 of your Evidence of Coverage or call our Member Services Department. If you receive a bill for the services, you can send the bill to us for payment. We will pay the non-plan provider our share of the bill and inform you if you need to pay any amount.

Getting care when traveling or outside the plan's service area

If you need care when you are outside the service area, your healthcare coverage is limited. The only services we cover when you are outside our service area are: care for a medical emergency, including maintenance care and hospital care after you are stable (known as post stabilization care), urgently needed care, renal dialysis (kidney), and care that MMM or a plan provider has approved in advance.

If you have any questions regarding whether a service is covered when you travel, call our Dedicated Services Unit at the telephone numbers listed in the first and last page of this directory.

What should I do in case of a medical emergency or urgent need for care?

In an emergency, you should get care immediately. You do not have to contact your PCP or get the plan's approval in an emergency. You can dial 9-1-1 on your phone for immediate help, or go directly to the nearest emergency room, hospital, or urgent care center. The Evidence of Coverage indicates what steps to follow if you have a medical emergency or urgent need for care. You must use plan providers except in an emergency, during urgent care situations, for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor MMM will be responsible for the costs.

What should I do if it is not a medical emergency?

If you need to talk with your PCP or receive medical care when the PCP's office is closed, and it is not a medical emergency, call the PCP's telephone number located on your MMM membership card.

See your Evidence of Coverage for more information about what to do if you have an urgent need for care. Keep in mind that if you have an urgent need for care while you are in the service area, we expect you to obtain this care from plan providers. In most cases, we will not pay for urgently needed care that you receive from a nonplan provider while you are in the plan's service area. (Our service area is listed below.)

You may also call the MMM nurse helpline, Haciendo Contacto, at 1-866-677-7779 or 1-866-690-7771 TTY/TDD (deaf, hearing or speech impaired), 24 hours a day, 7 days a week. These are toll-free numbers. Healthcare professionals are ready to help you decide what type of care is needed and provide information about available resources.

You can obtain most services without the need for prior authorization

As explained above, under the HMO coverage with the Point-of-Service (POS) option you could receive most of your routine or basic care from your PCP, who will coordinate the rest of the covered services you receive as a plan member. If you obtain services from any non-plan physician, hospital, or other healthcare provider without prior authorization (approval in advance), you may be required to pay for these services yourself.

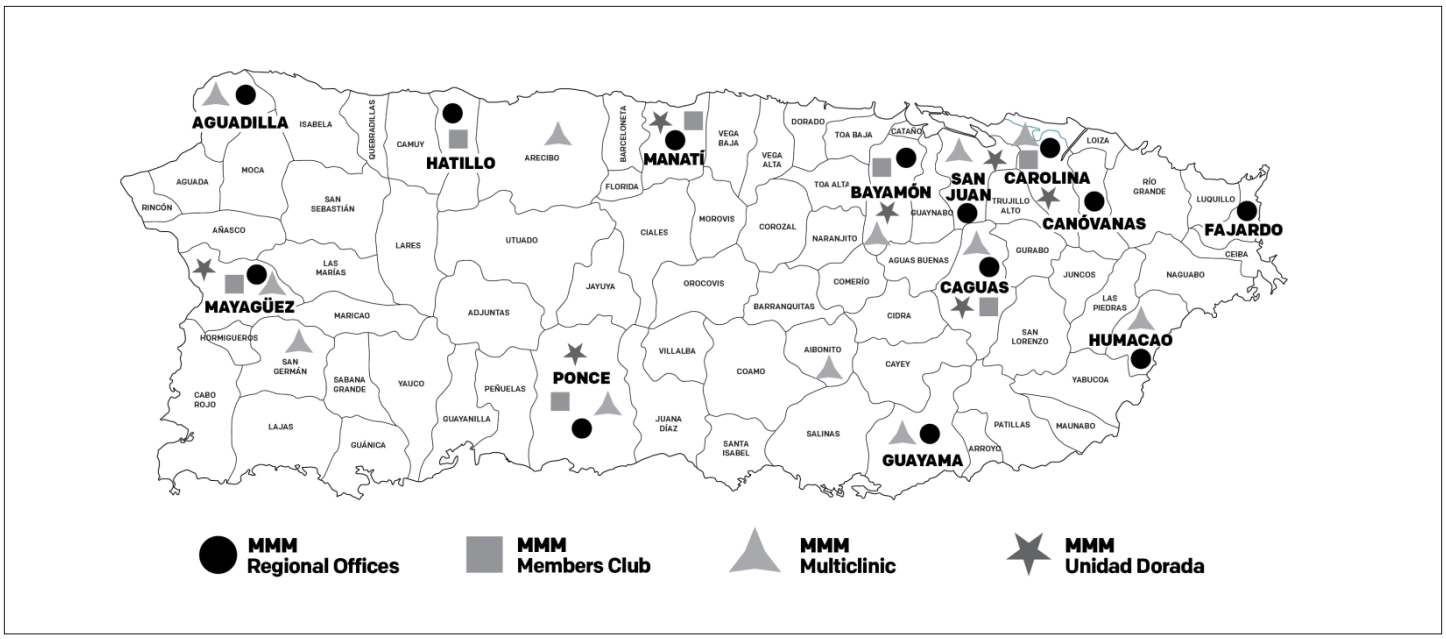

You can obtain most services on your own, without approval in advance from your PCP or MMM. These include:

- Women's routine healthcare, which includes breast exams, mammograms (breast X-rays), Pap tests, and pelvic exams.
- Flu shots and pneumonia vaccinations (as long as these are obtained from a plan provider).
- Emergency services, whether these services are received from plan providers or non-plan providers.
- Urgently needed care received from non-plan providers while you are temporarily outside the plan's service area. Also, urgently needed care that is received from non-plan providers when a member is in the service area but, because of unusual or extraordinary circumstances, the plan providers are temporarily unavailable or inaccessible. (Below we explain the plan's service area.)
- Renal dialysis services received when you are temporarily outside the plan's service area. If possible, before leaving the service area, please let us know where you will be going to so we can help you arrange for maintenance dialysis while outside the service area.

What is the service area for MMM?

The municipalities in our service area are listed below.

MMM Multiclinic

Specialists' clinics

This is a network established around the Island, to take care of MMM members only. These clinics offer efficiently coordinated services by Puerto Rico's most in-demand specialists. Their purpose is to support primary care physicians (PCPs) in managing their patients' health conditions, facilitate access to services, and optimize health results. The close collaboration among specialists, healthcare professionals, and primary care physicians is an essential part of this care model.

Some member benefits:

- $0 copay on services
- No medical referral required
- Appointments in reasonable time
- The convenience of getting several services in one place
- Unlimited transportation to-and-from any MMM Multiclinic

Which specialties are available at MMM Multiclinic? *

- Neurology
- Cardiology
- Nephrology
- Pulmonology
- Geriatric Medicine
- Family Medicine
- Internal Medicine
- Endocrinology
- Psychiatry
- Orthopedics
- Neurosurgery
- Services for the control of conditions such as diabetes, cardiovascular, and pulmonary diseases
- Others

*Availability may vary by location. Other providers are available in our network.

Other healthcare professionals work as support staff and cover the following areas:

- Social Work
- Mental Health services (Psychology and/or Psychiatry)
- Nutrition
- Health Education
- Nursing
- Pharmacy

For more information, call our Member Services Department at the numbers that appear on the first and last pages of this directory.

MMM Urgent Care Centers

Our Urgent Care Center network is available so that MMM members have access to urgent healthcare services at about 70 locations around Puerto Rico. At these centers, there are shorter waiting times, which reduces the risk of contracting diseases and/or developing complications, and there is direct communication with your primary care physician to ensure continuity of care, among other benefits. Also, you will receive the care you need whenever you present a concern or need for healthcare services. These are available during extended hours, some even 24 hours a day, 7 days a week.

Services offered:

- Team of healthcare professionals provide you with urgent medical attention
- Laboratory and radiology services
- Vaccination

Some benefits:

- $0 copay on services
- No appointment or medical referral required
- Shorter waiting times
- Prescriptions filled at the MMM Urgent Care Centers cover up to a maximum of 5 days of treatment
- Availability of educational material
- Patients in need of acute care will be transferred to a hospital facility contracted by the MMM network of providers in direct communication between the MMM Urgent Care Centers and the physician of the hospital facility
- Transition service at some centers

For more information, please contact our Member Services Department at the numbers listed on the first and last pages of this directory.

MMM Unidad Dorada Participating Hospitals

Hospitals with *Unidad Dorada* offer dedicated services to our members and their caregivers. They are intended to optimize their *experience* and *satisfaction* as well as furnish high-level clinical care through coordinating services with the Primary Care Provider, the Admitting Physician, and other providers. These services are offered *at no additional cost*, simply ask your doctor about this hospital feature.

Services for our members:

- Items to facilitate hospital stay, according to need.
- MMM office at the hospital, with staff available to facilitate hospitalization and plan processes.
- A visit from a plan representative to learn about the member's concerns and help find solutions.
- A visit from a discharge planner to coordinate all the necessary medical services after discharge, including home therapies as well as any physician-ordered medical equipment. The discharge planner will also schedule the member's first visit to the physician after hospital discharge.
- Complimentary Wi-Fi
- The option of getting the medications prescribed while hospitalized at the moment of discharge or have them delivered to their home.
- Physicians and clinical team dedicated to ensuring you get high-quality clinical and nursing services.
- Coordination with Social Workers or Mental Health professionals, if necessary.

*Unidad Dorada facilities are already established at hospitals in Bayamón, Caguas, Carolina, Manatí, Mayagüez, Ponce, and San Juan. More hospitals may be added prospectively.

List of Providers and Pharmacies

How can I find the MMM providers that offer services in my area?

The physicians, dentists, pharmacies, and other health professionals listed in our directory are grouped in alphabetical order, by municipality and specialty.

Which providers may I visit?

As a beneficiary of the plan, you have the right to visit any of the providers listed in this directory. It is important to highlight that, while all our network providers do comply with the attention quality standards as required by regulatory agencies, there is a group of providers that exceed such standards, for which they have been included in our **Preferred Network**.

Specialists and other providers of the Preferred Network do maintain closer communication with network primary physicians, which facilitates access, coordination, and the offering of adequate services. If you, as a plan beneficiary, choose to visit physicians under the Preferred Network, your copayments could be lower and, in certain occasions, you will pay nothing. That will depend on your type of coverage as an MMM member.

Other providers in this directory include:

- MMM Multiclinic
- MMM Urgent Care Centers
- MMM Unidad Dorada participating hospitals
- Provider Network
- Pharmacy Network

Providers, including, the MMM Multiclinic network, Urgent Care Centers and Hospitals with Unidad Dorada facilities are identified with the following symbols:

 Provider certified by the American Board of Medical Specialties

 Preferred Network

 MMM Urgent Care Centers

UD Hospitals with MMM Unidad Dorada

 MMM Multiclinic

The following icons will help you identify which providers are accepting new patients and which are handicap accessible. When the *handicap accessible* icon is not shown, it means that access to the office might be limited. If the provider information shows "*ACC: No*," it means that that this provider is not accepting new patients at the moment; however, if you have already visited the provider, you can still visit him/her. If "*ACC: Yes*," it means that the provider is accepting new patients.

Pharmacies

This booklet provides a list of MMM network pharmacies. To get a complete description of your prescription drug coverage, including how to get prescriptions filled, please review your Evidence of Coverage and MMM's formulary.

The pharmacies on this list are considered our "network pharmacies" because we have established arrangements with them to provide prescription drugs to the plan's members. In most cases, your prescriptions are covered by MMM only if they are filled at a network pharmacy or through our mail-order pharmacy service. When you visit a pharmacy, you are not required to continue going to the same pharmacy to fill your prescriptions; you can switch to any other within our network. We will fill your prescriptions at non-network pharmacies under certain circumstances, as described in your Evidence of Coverage.

Our section dedicated to the Pharmacy Network is identified with a GRAY tab. The pharmacies listed in our directory are grouped by municipality and specialty. You can also identify them with the icon below if the pharmacy offers a 90-day supply, Part B Drugs, or Specialty Drugs.

 Suggested Pharmacy Network

Not all network pharmacies may be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network or there may be newer pharmacies in our network that are not listed. This list is current as of date specified on the footer. For the most current list, please contact us. Our contact information appears on the first and last pages of this directory.

You can have prescription drugs shipped to your home through our network mail-order delivery program, *Walgreens Mail Service.* For more information, please contact Walgreens Mail Service Pharmacy toll-free at: 1-800-489-2197 (toll-free) or 1-800-925-0178 TTY/TDD (deaf, hearing or speech impaired) or see the mail-order section of this provider and pharmacy directory.

For more information about plan providers, including qualifications and experience, call us at Member Services or visit our webpage at: www.mmmpr.com, to get updated information regarding changes in the plan's providers network or to find out who is accepting new patients in his/her medical practice. This directory is not an explanation of your benefits, and it is not intended to replace the Evidence of Coverage.

For any questions about MMM or if you need help selecting a primary care physician, or with the pharmacy network, please call our Dedicated Services Unit at the numbers listed on the first and last page of this directory. You may also visit our website: www.mmmpr.com.

1-800-925-0178 TTY/TDD (deaf, hearing or speech impaired)

You can get prescription drugs shipped to your home through our network's mail-order delivery program with Walgreens Mail Service.

For ordering the first prescription you have the option to register:

- **Online**: register at AllianceRxWP.com/register.
- **By mail**: complete the registration form that appears on the website and mail it, along with your original prescription, to the address on the form.
- **By phone**: Have your plan information ready and call the Walgreens Mail Service Customer Care Center at the numbers mentioned above.

After registration, new prescriptions can be received also by e-prescribe or fax (from the physician's office).

Emergency or delayed supply: you can call the nearest Walgreens Pharmacy or reach their toll-free number at 866-525-1590 with the prescription information. Walgreens Mail Service will contact the physician for a new prescription to arrive the next business day; overnight shipping charges apply.

Auto-refill service is available, and the beneficiary needs to contact Walgreens Mail Service three weeks before the next fill to cancel or change the service.

If you need your medication right away, ask your doctor for two prescriptions:

- **Short-term supply —** example: 30-day supply or the amount allowed by your prescription plan — your local pharmacy can fill right away.
- **90-day supply with three refills —** or the maximum allowed by your prescription plan — for your doctor must send to Walgreens Mail Service Pharmacy.

The form to order your prescriptions by mail is available on our web page: www.mmmpr.com.planes-medicos/formulario-medicamentos.

Typically, you should expect to receive your prescription drugs within 10 days from the moment the mail-order pharmacy receives your order. If you do not get your prescription drug(s) within this time frame, please contact *Walgreens Mail Service Pharmacy* at: 1-800-489-2197 (toll-free) or 1-800-925-0178 TTY/TDD (deaf, hearing or speech impaired).
